

MACHINE TOOL DIVISION
www.merwin-stoltz.com

Merwin-Stoltz Co.

has served the Wisconsin Area for over 50 years. We continue to be one of Wisconsin's premier Cutting Tool and Machine Tool Distributorships in the area.

The Machine Tool Division offers service, applications and sales to our valued customers. We offer the unique ability to bring both a Cutting Tool Division and a Machine Tool Division together to help solve your manufacturing requirements through direct contact with the manufacturers. Our Machine Tool Division alone has collectively over 100 years of manufacturing and machine tool experience, offering our customers truly single source responsibility for what we sell.

We have formed a strategic partnership with others to further provide the full range of services our customers require.

We look forward to working with you in the future to help solve your manufacturing requirements.
